Overall, this fluid-resistant material is tailored to meet the demands of healthcare environments, offering durability, sterilizability, and versatility for various medical applications.

It's suitable for various applications including patient drapes, bibs, surgical packs, and can be used from autoclave to countertop sterilization. This versatility means it can be employed throughout different stages of medical procedures, from preparation to post-procedure cleanup.

The material comes in an oversized dimension of 16" x 24", which is advantageous for covering larger areas or items during procedures.

Item # T992OR, 250 per box
